3 **IMPORTANT: Only Send Half Teaspoon of Cremated Remains Per Art Glass Piece**
Each memorial piece or pendant is a one of a kind. No two are ever the same. Each memorial piece is guaranteed to be created with respect. Prior to shipping the half teaspoon of cremains (per piece ordered) there should be a signed release between the Funeral Home and the Family for the transportation of such cremains. Written releases are available through the NFDA, ICCFA and other organizations. Place a half teaspoon of cremated remains (per piece ordered) in the Crescent sterile container provided, or any other suitable container, such as a sturdy zip-lock container. Please write your Funeral Home name and the name of the deceased on the container. **Any remains not used in the process will be returned.**
